

Assignment No. 5 (a)

- Khairnar Kunal Dhanaji
- Government Polytechnic, Pune
- Web designing
- First Year - HI
- 2601099

Aim :-

Adding Hyperlinks and Images : Create a webpage containing two images and add a hyperlink of another webpage. Apply width and height properly to one image. Align one image to center and other one to the left. Assign the second image as hyperlink to another webpage.

Theory :- Input program :-

```
<html>
  <head>
    <title> Images and hyperlinks </title>
    <h1><u><i> Adding Images and Hyperlinks
    </i></u></h1>
  </head> <hr>
```

```
<body>
  <h3> Also, You Can Check out Bhakti
  Khairnar's Website..... </h3>
```

```
<p><a href = "https : // bhaktikhairnar.tech"
target = "_blank">
```

```
<h2> Click To Visit Website </h2></a><hr>
```

```
<div><img src = "C : \ Users \ KUNAL \ Pictures \
Aamir Khan Drawing . jpg" alt = "Aamir Khan's
Drawing" align = "left" width = "200px"
```

```
height = "200 px" border = "1" style = "margin  
: 10 px 10px">
```

```
<h1><u> My Drawings </u></h1>  
<h3> This is one of the portraits drawings I  
have made. </h3> <br><br><hr>
```

```
<center><h1><u> My books </u></h1>  
<h3> This is one of My books. </h3>
```

```
<div><a href = "https://www.amazon.sg/dp/  
B08KH134F5/ref=cm_sr_awdo44M5YTCM"  
target = "_blank"><img src = "C:\User\KUNAI\  
Downloads\Ravana Book Cover.jpeg" alt = "Book's  
Cover" width = "200 px" height = "300" </center>  
</a></div>
```

```
<center><h3> Click on the image to visit its  
amazon page </h3></center>
```

```
</body>  
</html>
```

Conclusion :- In this assignment, I understood how to add an image and hyperlink in the webpage.
